Revolutionary Floor Protector!

G-FLOOR
Floor Cover/Protector

- Easy installation—no adhesives required
- Prevents concrete deterioration
- Provides moisture barrier
- Prevents cement & soil contamination plus vapor barrier
- Overlap or butt together for seamless protection
- Provides anti-fatigue benefit
- Hides cracks and stains
- Easy to cut for custom fit
- Ultra durable—lasts for years
- Easy to move
- Cushioned comfort
- Insulates
- Reduced noise

Simply Unroll
No Adhesives Required

Keep your garage, shop or basement floors looking like new.

Guard your floor year round from corrosive road materials such as antifreeze, oil, salt and battery acid. Prevents concrete deterioration.

Reduces dust travel and withstands most contaminants found in garage and work environments.

Easy to move. Can be cleaned inside or outside of garage. Non-porous surface allows easy cleanup of oil and antifreeze and can be cleaned with soap and water. Vinyl floor cleaners may be needed to remove stubborn debris. This is not a stain-proof product.

Limitless home, industrial, and commercial applications. Designed to provide years of service.

- Specially formulated solid polyvinyl material
- Product purchased on different days may not color match
- Not all colors are kept as stock items
- Custom sizes available with extra lead time.
- Custom grades available with extra lead time.
- Minimum purchases may apply to custom orders

**Ultra
Durable
Vinyl**

Multiple uses for G-Floor® roll-out vinyl flooring.

In commercial applications, we recommend securing our products to the floor with a vinyl adhesive.
